Leticia,

I'm in the field for the Gold King Mine Spill and can't respond to this request right now. Didn't want it to sit in my inbox. Can you contact him? Thank you.

**Subject:** Region 6 Environmental Sensitivity Maps

Good morning. I'm following up on the below to inquire about Environmental Sensitivity Index/Maps for EPA Region 6. I have the information for the coastal region, but I'm particularly looking for the Mississippi River along the reaches of Arkansas and Louisiana.

Can you please tell me how I can obtain a copy or find online access to these maps. Please also advise if this has not been mapped.

This information will be very helpful in developing vulnerability analysis for response plans and use during response activity.

Thank you in advance for your assistance.
